Protecting National Assets

Painting & Speciality Coating Services

Biltech Building Elements Limited (BBEL), a leader in environmentally sustainable building materials. BBEL is the largest manufacturer of Autoclaved Aerated Concrete. For last four decades BBEL through its Products & Services has been servicing the requirements of the Construction and Infrastructure Industry in India.

BBEL Painting Division, has an experience of more than 35 years. We offers a range of comprehensive services related to structural painting, roof waterproofing and specialized coating. We offer our services on "Supply & Apply" terms. This Division aims to become one of the most recognised applicator in the Industry for these services.

Our experienced team manages sites as per Project's time line and scheduling. We work on zero tolerance norms on health, safety and environment parameters. With our knowledge of application, we can provide you with effective coating & application refurbishing solutions often allowing you to repair what you have thought of replacing. Quality control is crucial to us, we don't compromise with Manufacturers Specification for Application and HSE requirements.
